

Virtual Adult Piano Student Social

You are invited to a Virtual Adult Piano Student Evening Social on Zoom. This will be an evening where adult piano students can perform, meet, and/or socialize with other students in a casual atmosphere. Performance is optional and students who wish to perform can make a YouTube video of their piece and it will be played on Zoom to other appreciative adult piano students. All levels of performance abilities are welcome and you do not have to make a Youtube video to attend the social. Please note that all participants need to be familiar with Zoom prior to attending the event.

Adults wishing to perform need to make a video of their performance and then upload the video to YouTube. The YouTube video should be set to unlisted (not public) and also please make sure the video is NOT set to be suitable for children or we can't put the video in a playlist. Please have your EMTA teacher sign you up for the social.

Adults wishing to perform need to make a video of their performance and then upload the video to YouTube. The YouTube video should be set to unlisted (not public) and also please make sure the video is NOT set to be suitable for children or we can't put the video in a playlist.
